THE SOCK THAT CHANGED THE GAME

EVERY SINGLE PAIR OF TOESOX IS CREATED WITH A 5 TOE DESIGN — THE DIFFERENCE BETWEEN A GOOD WORKOUT AND A GREAT PERFORMANCE. THEY'RE BUILT TO BE BETTER SO YOU CAN PERFORM AT YOUR BEST.

HERE'S WHY 5

1 — ANCHORS TO YOUR FOOT

That means no bunching, no twisting, and no slipping so you can get down to doing what you love...only better.

2 — MIMICS NATURE

And the movement of your feet, toes and all. We believe in embracing the natural balance you get from spreading your toes.

3 — CREATES HYGIENIC BARRIER

While still allowing your toes to feel free and uninhibited. Leave those germs where they belong.

4 — AMPLIFIES YOUR WORKOUT

By activating your foot muscles, and allowing you to push your body to its edge.

5 — ELIMINATES FRICTION

And chafing, and blisters, and moisture between your toes, while promoting circulation.
